

Each player takes a turn connecting 2 dots, either vertically or horizontally. When players draw a line that forms a completed square, they write their initial in the middle of it. Player with the most squares wins.

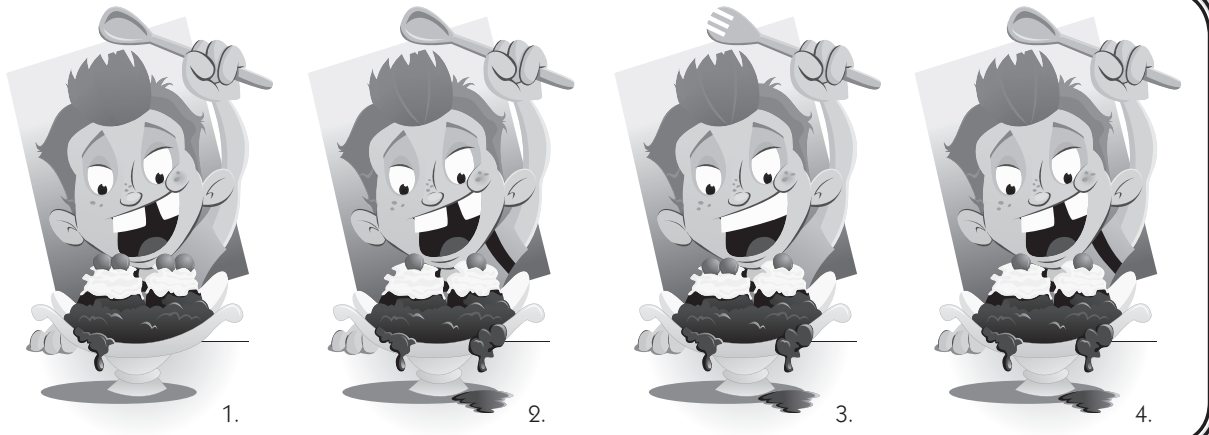

### Blake's Birthday Party!

The party at Blake's got out of control. The kids took over and all the desserts are everywhere. Help the seven kids find their 7 missing ice cream cones.

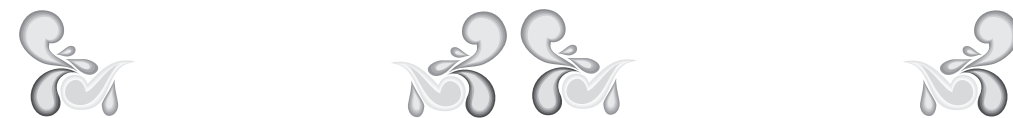

### Spot the Differences

How many differences can you find?  
Find the two that are the same.
